

Children's Environmental Literacy Foundation Student Ambassador Training Seminar

Wednesday, January 29, 2013 | 6:30 - 8:30 pm - PIZZA INCLUDED!

Location: Hackley School, Allen Hall in Middle School
293 Benedict Avenue, Tarrytown, NY

Become a Peer Leader in Sustainability

Join us for a 2-hour student-led discussion and training workshop in Sustainability. Learn about current topics, including the freshwater crisis and humanitarian design. Become an advocate for healthier living and environmental stewardship.

"Adults are always telling us that change begins with us. CELFF helps us do exactly that – make and do good in the world, and enact change... Working with CELFF makes me feel as if I really do make a difference."

~Sara, Edgemont High School

"From the very first meeting, CELFF has continually exposed me to environmental activists and fellow students who are passionate about sustainability. These interactions have only emphasized that it isn't just about recycling, but working together as a team to help maintain a healthy Earth."

~Jieen, Ardsley High School

Program highlights:

- ▶ Learn to be an advocate for change while gaining skills and confidence in public speaking.
- ▶ "Design for the Other 90%" - A student-led presentation about how creative solutions and humanitarian design can protect the health and well-being of vulnerable people and save countless lives all over the world. Learn first-hand what happens when aid meets innovation and how designers are learning to create smarter to do more good.
- ▶ Enjoy fun activities while you gain an understanding of freshwater issues from around the world, including environmental, economic and justice issues resulting from lack of pure drinking water.
- ▶ Discover how you can pursue your personal interests and college plans while addressing current issues relating to the environment, the economy and social justice.
- ▶ Network with peers from other schools on important current issues.
